REASON FOR WANTING TO BE MEMBER-AT-LARGE:

"I am honored to have been nominated to serve as a Member-at-Large on the TGMI Steering Committee. TGMI played a large role in my development as a leader and I am excited about the opportunity to pay it forward and to ensure that TGMI continues to play an important role in the development of current and future leaders in State government.

TGMI is not simply a leadership class you complete and a graduation you attend. TGMI is a lifelong network of friends, coworkers, problem solvers, and subject matter experts at your fingertips. The Steering Committee plays an important role in the continued development of the TGMI program, as well as providing opportunities for Alumni to network and serve the community. Strong leadership on the Steering Committee will ensure that TGMI continues to be relevant and impacts others the way it once, and still does, impact us.

I look forward to the opportunity to play a role in TGMI's future in State government. I understand the responsibilities of a Member-at-Large and can't wait to get started."
